La collezione di sedute e tavoli per esterno disegnata da Richard Schultz nel 1966 rimane un progetto tra i più significativi della scena internazionale che B&B Italia ha voluto diffondere sul mercato internazionale.

Le finiture sono garantite per la massima resistenza agli agenti atmosferici e all'inquinamento, ai graffi e al peeling. La collezione è distribuita nelle Americhe da Richard Schultz.

The collection of outdoor seating and tables designed by Richard Schultz in 1966 is still one of the most meaningful series on the international scene. And it is the collection that B&B Italia is distributing on the

market. The finishes are guaranteed to offer maximum resistance to weather, pollution, scratching and peeling. The collection is distributed in North and South America by Richard Schultz.
